

RULES FOR ROAD TRIPS

Hitting the road this summer?

Then it's time to study up on the fundamentals of traveling by car.

RULE 1

Pack Right

Put heaviest items on the floor, for a better center of gravity

Pack smaller items together and strap them down

Make sure you can see out of the windows

Keep a roadside emergency kit, maps and cell phone handy

RULE 2

Max Your Mileage

Tune up your engine—it'll lead to better mileage and a smoother ride

Drive sensibly—aggressive driving may lower your mileage by 33% on the highway and 5% around town*

O₂

A new oxygen sensor can help boost mileage as much as 40%*

For more info on how to Max Your Mileage, visit AdvanceAutoParts.com/max.

RULE 3

Be Safe

Make sure your mirrors are clean and adjusted properly

Double check your tire pressure—after packing is complete

Don't drive drowsy, it contributes to 100,000 accidents per year**

RULE 4

Have Fun!

Invest in a quality stereo system

Use GPS to coordinate fun side trips

Surround yourself with good conversationalists (If you're an introvert, put serial talkers in the back seat!)

Whether you're hitting the road or have new projects on the horizon, Advance Auto Parts is here to help, with over 3500 stores. Also shop AdvanceAutoParts.com.
